

3. Rain:

Rain is a very simple work. I have taken a player piano roll of an old hymn and used the holes that would generate sound to generate a picture.

4. Vowels (Sung):

The vowels, also a simple work, were created from ~~the~~ computer images of my voice singing each of the vowels - a e i o u. I then made a drawing of each by hand, ~~and~~ and then a sculpture from the drawing. The vowels are colored using a poem by Rimbaud - a=black, e=white, i=red, u=green, o=blue.
